

Table 5.N

Placement of narrative-links and six types of time-terms in the *Book of Mormon*

Each of the 426 narrative-links represented in this Table is categorized: first, by its linguistic function (Q = preposition; R = verb; S = conjunction; T = participle; or U = adverb); and second, by the time-term of its year-related expression (4 = long name; 5 = short name; 6 = altered name; 7 = personalized name; 8 = omitted name; or 9 = unique name). Parentheses have been added to help distinguish each category.
