

Table 5.R

Placement of narrative-links and six types of number-terms in the *Book of Mormon*

Each of the 426 narrative-links represented in this Table is categorized: first, by its linguistic function (Q = preposition; R = verb; S = conjunction; T = participle; or U = adverb); and second, by the number-term of its year-related expression (10 = stated ordinal; 11 = stated cardinal; 12 = referenced ordinal; 13 = referenced cardinal; 14 = referenced general; or 15 = absent name). Parentheses have been added to help distinguish each category.
